

ATTACHMENT AND INTERPERSONAL NEUROBIOLOGY IN PLAY THERAPY

Description

Attachment focused play therapy works to strengthen bonds between children and their caregivers. In this training we will learn about the origins of attachment theory, identify the role and relevance of interpersonal neurobiology in attachment focused play therapy, and practice activities that support the therapeutic process.

***Play Therapy Credit available to mental health professionals and students in a graduate mental health program**

LEARNING OBJECTIVES

Describe the origins of attachment theory and the relevance to play therapy.

List the types of attachment in children and in adults.

Explain relational attachment and its impact on family functioning in play therapy.

Discuss the role of caregiver involvement in attachment focused play therapy.

Practice three attachment focused reflections in play therapy.

Identify two goals for caregivers and two goals for children in attachment focused play therapy.

Participants must arrive to the training on time and be present for the entire presentation to receive CE credit.

Participation is required for the entirety of the training to receive CE credit.

Prior Play Therapy knowledge and experience are helpful but not necessary to participate

Registration refunds will NOT be made to parties who register but do not attend or do not contact the organizer 48 hours in advance.

We reserve the right to cancel any of these trainings in the event of unforeseen circumstances. If such a cancellation occurs, we will attempt to notify registrants and refund all registration fees.

Play Therapy credit is available to mental health professionals and graduate students in a mental health program.

It is the responsibility of mental health professionals to check with their state board to determine if credit issued through an NBCC Approved Continuing Education Provider or an Association for Play Therapy approved provider of the play therapy CE is accepted for credit by their state licensing board.

The Association for Play Therapy sets the credentialing standards for Play Therapists and approves applications for the Registered Play Therapist Credential. Please review the credentialing standards for full list of the requirements to obtain the credential by visiting the Association for Play Therapy website www.a4pt.org

If a grievance arises please contact Angela Medellin as soon as possible, so that we may work towards a resolution.
