

ADVANCED SKILLS FOR PLAY THERAPY WITH CHILD SURVIVORS OF TRAUMA

Description

Play therapy provides opportunities for children to experience safety, connection, and free expression – all imperative processes for trauma recovery in children. When equipped with advanced knowledge and skills to conceptualize the sequelae of trauma, play therapists can better address children's trauma responses. In this workshop, participants will learn about the effects of trauma and apply advanced skills to use in play therapy with child survivors of trauma.

***Play Therapy Credit available to mental health professionals and students in a graduate mental health program**

LEARNING OBJECTIVES

Participants will describe how trauma impacts various domains of functioning (somatic, relational, emotional, and cognitive)

Participants will identify relevant neuroscientific principles and models applicable to play therapy with child survivors of trauma

Participants will discuss nondirective and directive play therapy approaches as well as interventions and techniques to address symptomatology associated with childhood trauma

Participants will understand how states of regulation/dysregulation impact a child survivor's engagement in the playroom

Participants will discuss caregiver consultation for child survivors of trauma

Participants will understand how to facilitate trauma-sensitive play therapy in a developmental and culturally responsive manner

Participants must arrive to the training on time and be present for the entire presentation to receive CE credit.

Participation is required for the entirety of the training to receive CE credit.

Prior Play Therapy knowledge and experience are helpful but not necessary to participate

Registration refunds will NOT be made to parties who register but do not attend or do not contact the organizer 48 hours in advance.

We reserve the right to cancel any of these trainings in the event of unforeseen circumstances. If such a cancellation occurs, we will attempt to notify registrants and refund all registration fees.

Play Therapy credit is available to mental health professionals and graduate students in a mental health program.

It is the responsibility of mental health professionals to check with their state board to determine if credit issued through an NBCC Approved Continuing Education Provider or an Association for Play Therapy approved provider of the play therapy CE is accepted for credit by their state licensing board.

The Association for Play Therapy sets the credentialing standards for Play Therapists and approves applications for the Registered Play Therapist Credential. Please review the credentialing standards for full list of the requirements to obtain the credential by visiting the Association for Play Therapy website www.a4pt.org

If a grievance arises please contact Angela Medellin as soon as possible, so that we may work towards a resolution.
